

Alternative Methods and CitiZen Science Summer Meeting

1 September 2021

MS Teams platform

Register here: [ALT2021!](#)

9:30-10:30 Registration of participants

Chair: Prof Francesca Caloni

10:30 Alternative Science and citiZens

Prof Francesca Caloni - *Department of Environmental Science and Policy, Università degli Studi di Milano, Milan*

11:00 Ethical issues about replacement

Prof Gianfranco Mormino - *Department of Philosophy, Università degli Studi di Milano, Milan*

11:30 Animals in scientific research: comparative opinions

Dr Isabella De Angelis - *Environment and Health Department Mechanisms, Biomarkers and Models Unit, Istituto Superiore di Sanità, Rome*

12:00 Involving citizens in alternative method: what role of regulation?

Paola Fossati - *Department of Environmental Science and Policy, Università degli Studi di Milano, Milan*

13:00-14:30 Break

14:30 Public engagement and outreach promoting Alternative Methods

Thomas Hartung - *Johns Hopkins Center for Alternative to Animal Testing (CAAT), Baltimore*

15:00 The Principle of the 3Rs: strenghts and weaknesses

Augusto Vitale – *Center for Behavioural Science and Mental Health, Istituto Superiore di Sanità, Rome*

15:30 Animal Research and COVID-19

Pieranna Martino - *Department of Biomedical, Surgical and Dental Sciences – One Health Unit, Università degli Studi di Milano, Milan*

16:00 Discussion and Conclusions

Scientific Committee:

Francesca Caloni, Università degli Studi di Milano (ESP)

Isabella De Angelis, Istituto Superiore di Sanità
